

# AMSOIL – Perris Auto Speedway Contingency Offer 2009 Street Stocks

AMSOIL and the "Oil Twins" are proud to become track sponsors at Perris Auto Speedway. To celebrate our first year sponsoring the track, we are offering a contingency sponsorship package to all racers in the **PASSCAR Street Stock class**.

To participate in the program, purchase AMSOIL products for your race vehicle directly from the "Oil Twins" at wholesale price. Run an AMSOIL sticker visible on each side of the race vehicle and if you win you will receive a case of oil. Second place will receive half of case of oil.

Are you experiencing break downs? Need help in determining if the problem is lubricant related? We have solutions. As a part of the sponsorship, we will provide technical assistance and help your team choose the products that are right for you.

## Participation Rules for PASSCAR Street Stock:

- Purchase AMSOIL products from the "Oil Twins" at wholesale, saving over 25% off of retail.
- Display provided AMSOIL 20.5" color logo stickers on both sides of race vehicle in plain view, not in the wheel wells. No oil / lubricant competitor stickers allowed on vehicle.
- Offer does not apply to current AMSOIL Dealers, Preferred Customers, or registered accounts in accordance with AMSOIL policy, contact Casey or Andy for details.
- Shipping is not charged if product is picked up at race or from the servicing dealer.
- Technical service will be provided from trained and certified AMSOIL Dealers to assist you with lubricant related issues
- A certificate will be provided for 1 case of AMSOIL Dominator Racing Oil in quarts to the 1<sup>st</sup> Place, 2<sup>nd</sup> Place receives a certificate for six quarts of Dominator.
- The winners are responsible to contact the "Oil Twins" for their award; shipping and taxes are not included. Winner must have used the motor oil in race vehicle's engine to qualify. Proof of purchase of one case of AMSOIL Dominator Racing Oil from "The Oil Twins" within the last two months is required. Please specify viscosity when ordering.
